# YOUR NEW PARTNER IN MAINTENANCE & ENGINEERING

**Athens Aeroservices is an aircraft maintenance engineering and repair provider specialized in aircraft line maintenance in Southeast Europe & Med, with Ref. No: EASA PART 145 EL145.0069.**

**Our main maintenance hub is located in Athens International Airport and our Regional HQ are based in Athens Greece.**

Athens Aeroservices is a company proud for its highly experienced technical staff guided by top industry C-level & management team with an average of 20+ years of management experience at:

- administrative engineering
- maintenance positions at major airlines technical bases
- maintenance positions at maintenance stations around the world

Our company is offering its services to a wide range of aircraft types & engines with a presence in seven countries and a growing network of Line Stations.

Further to our EASA approval we also hold approvals by:

- HCAA (GREECE)
- GCAA (UAE)
- TCCA (CANADA)
- CAA (EGYPT)
- CAA (ALBANIA)
- DGCA (KUWAIT)
- DGCAR (PACA) (OMAN)
- CAACI (CAYMAN ISLANDS)
- UKCAA (UNITED KINGDOM)
- BCAA (BAHRAIN)

Currently we offer our service for a wide range of Boeing, Airbus, ATR, Embraer and other types of aircraft.

# WHY TO CHOOSE US

## Key Benefits

- Presence in 7 countries
- An established network of 16 EASA 145 Approved Stations
- Dedicated AOG response team
- EASA Authorized and ETOPS B1/B2 Certified Engineers
- Tools, Equipment, Borescope and Electronic Test Equipment availability
- Access to a variety of electronic test equipment
- High quality services with cost saving for your budget.

Athens Aeroservices is committed to ensuring that our customers needs for quality aircraft maintenance and engineering, as well as all the range of services offered, are not only understood, but are met with the outmost diligence and professionalism. Coupled with our ever-growing Line Stations Network and range of services;

➤ WE DELIVER ON THAT PROMISE.

Our main concern is the safety of your aircraft and our personal reputation is based on working successfully on a broad range of aircrafts with various airlines. We mandate with all corporate European and local standard compliance prompt service with highly experienced engineers & mechanics.

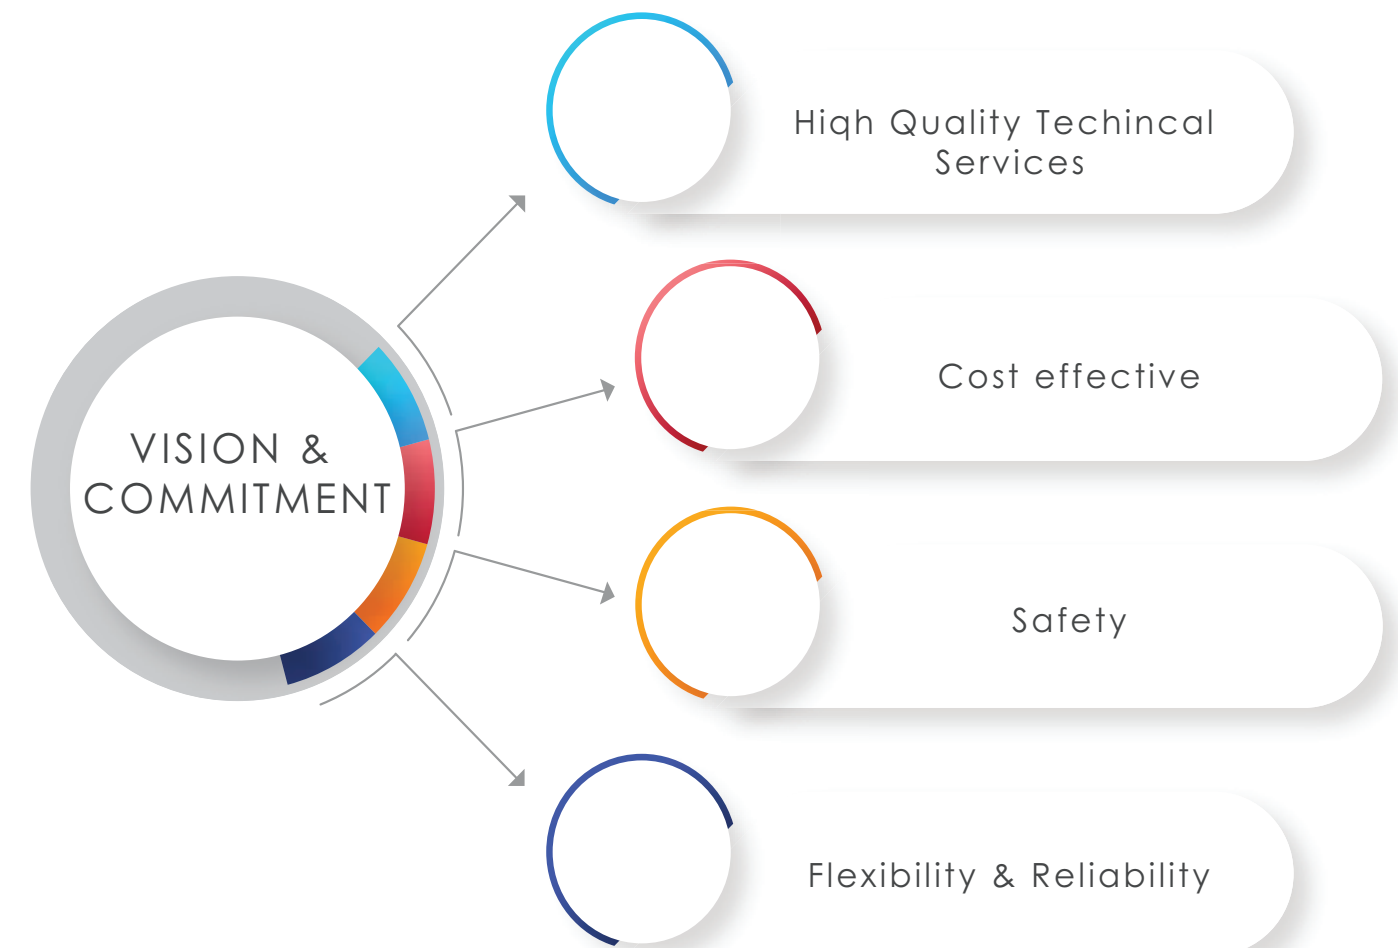

We care about our customers and work towards establishing long term relationships that lead to mutual benefit and success.

We strongly believe in the value of teaming with all our stakeholders; customers, suppliers, employees and the community.

**Our Vision** is to be the Regional Leader in Aircraft Maintenance & Consulting services and the Go-To solution provider for your Line Maintenance needs.

**Our Goal** is to provide impeccable aircraft maintenance technical services, reliable & cost effective, tailored to customer needs to help you avoid costly down time.

**Our Success** stems from our highly skilled & experienced engineers and the continuously expanding Line Stations Network; each year adding new Stations and services to satisfy our customers needs.

# PROJECT MANAGEMENT & CONSULTANCY

Athens Aeroservices provides essential service support with highly experienced Aircraft Maintenance engineering representatives and consultancy for aircraft pre acceptance lease or buy.

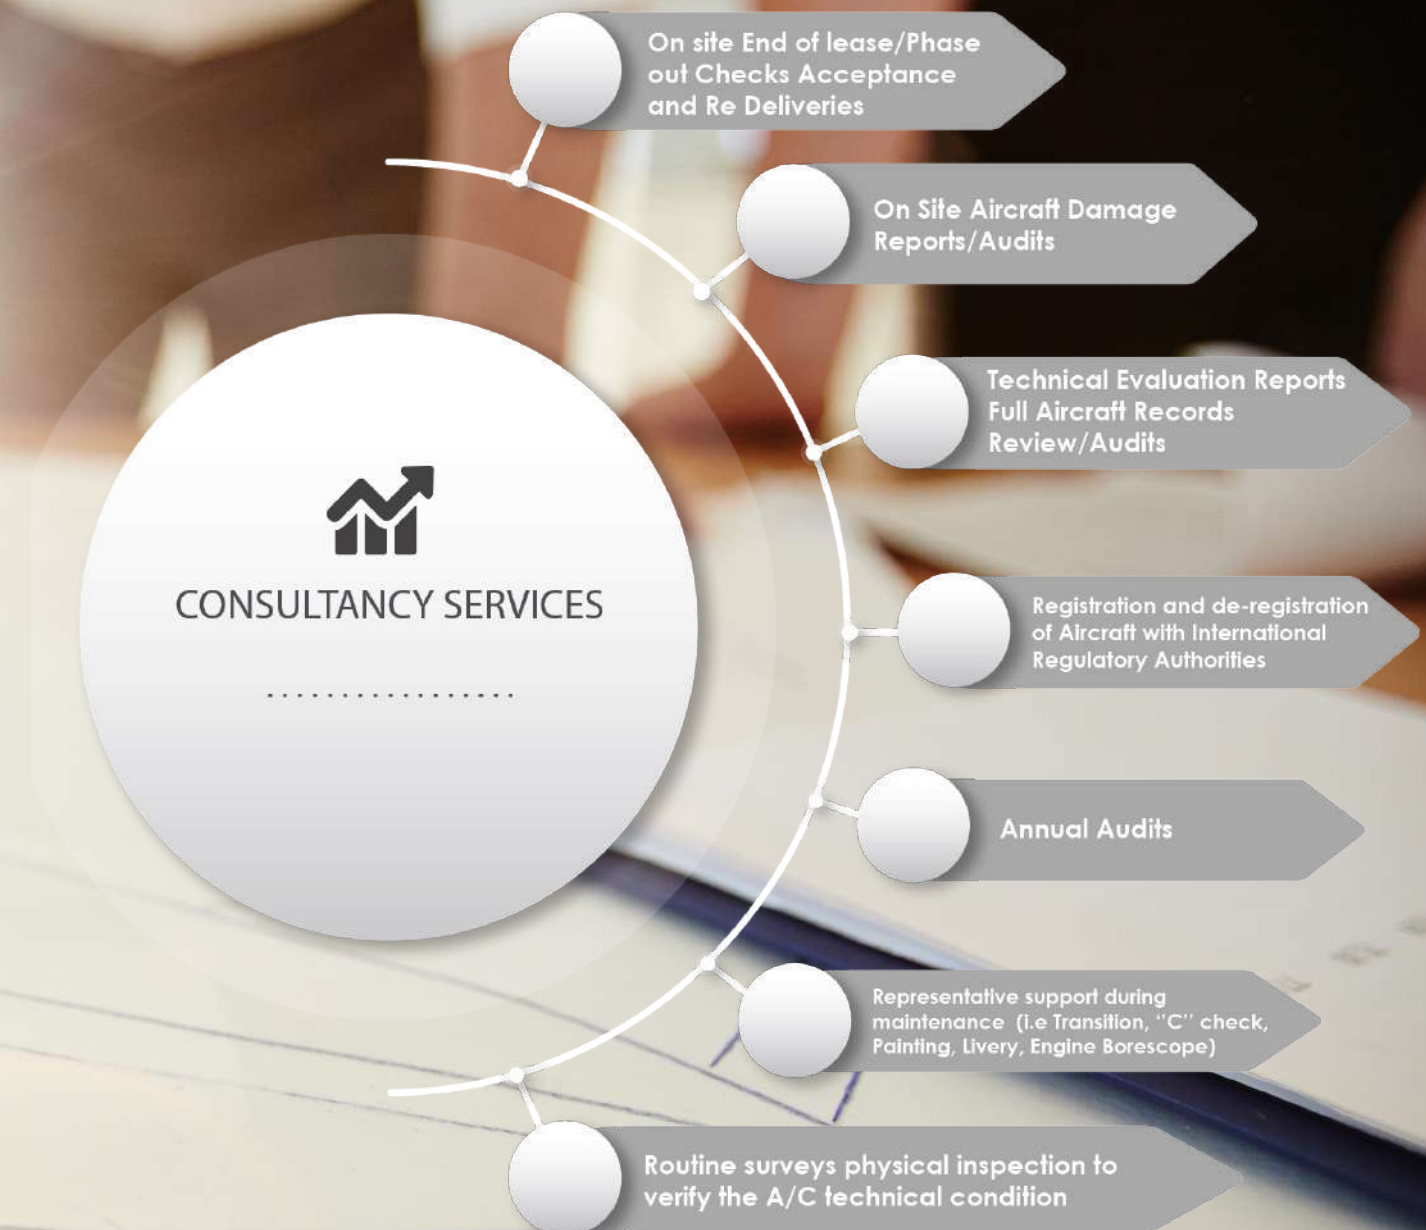

We cover a wide range of services on Technical Support and our qualified engineers expertise on the subjects are well recognized with years of experience in this field.

In close cooperation with the airline or lessor, Athens Aeroservices can perform a fully documented audit of the aircraft's technical records in order to establish its airworthiness status and commercial value.

Physical inspection is very thorough in order to check the aircraft for hidden damages, previous repairs systems and engines operation etc.

# AOG SUPPORT 24/7

**Athens Aeroservices team of highly skilled & experienced engineers is available 24/7 to provide AOG support assistance within a few hours for Europe and up to 24 hours worldwide at any airport.**

With our extensive & ever-growing line stations network we are able to dispatch an AOG team from any of the Line stations of our capability.

**We offer our services whenever & wherever they are needed, flexibly, quickly and above all reliably.**

**Our goal is to consistently and constantly provide the highest level of service options available to our customers.**

**Our strategy is to focus on reducing ground time in order to reduce cost and maximize utilization.**

Many of our customers after experiencing our AOG response and performance are now amongst our most loyal.

**One call is all it takes,**

**no matter which type of aircraft it is,  
Athens Aeroservices will respond.**

# END-OF-LIFE AIRCRAFT SOLUTIONS & RECYCLING

## Maximizing Value from Aircraft Retirement

Athens Aeroservices offers comprehensive End-of-Life (EOL) solutions for aircraft, seamlessly integrated with our expert Line Maintenance services. Our approach focuses on sustainability, asset recovery, and ensuring compliance with international environmental standards.

### Key Services:

#### 1. Disassembly & Dismantling

- Environmentally responsible and efficient aircraft teardown.
- Expertise in maximizing part recovery for reuse or resale.
- Strict adherence to industry safety standards.

#### 2. Recycling & Material Recovery

- Specialized in recycling up to 90% of the aircraft components.
- Handling materials such as metals, composites, and electronics with eco-friendly practices.

#### 3. Parts Inventory & Resale Management

- Cataloging and certifying reusable parts for the aftermarket.
- Strong network for marketing and selling high-value components.

#### 4. Aircraft Documentation & Compliance

- Comprehensive EOL documentation services, ensuring traceability.
- Compliance with ICAO, EASA, and national aviation authorities.

## Why Choose Athens Aeroservices?

- Sustainability Commitment: Leading the industry with eco-friendly disposal solutions.
- Industry Expertise: Decades of experience in aircraft maintenance and teardown.
- Global Network: Extensive connections for parts resale and material recovery.
- Regulatory Compliance: Assurance of meeting all international aviation and environmental standards.

## GENERAL AVIATION

**Athens Aeroservices offers a full range of services to support your aircraft.**

We have established a reputation for providing the highest quality of aircraft and customer service.

As an EASA Part 145 EL 0069 Line Maintenance Repair provider, your aircraft will be serviced by the highest standards in the industry.

Our company's services are not limited to routine maintenance and inspections. Our highly experienced engineers perform comprehensive maintenance trouble shooting ,repairs and modifications.  
Call or email us for all your aircraft maintenance needs from simple repairs to scheduled or unscheduled maintenance.

We are Dedicated to excellence in quality and service delivery.
